

Hongsilp Sriket

Kasetsart University
Department of Economics
50 Ngam Wong Wan Road
Chatuchak, Bangkok 10900
Date of Birth: December 27, 1984
Citizenship: Thailand

Phone: (+66) 0-2561-3474
Fax: (+66) 0-2579-8739
Email: fecohss@ku.ac.th

Education

Ph.D. Economics, University of Leicester, 2020.

Dissertation title: Three Essays on Natural Resources, Climate Change and Economic Growth.

Supervisors: Richard M.H. Suen (first) and Dimitrios Varvarigos (second).

Scholarships: The Royal Thai Government Scholarships 2015-2019.

M.A. Economics (English Programme), Thammasat University, 2011.

Scholarships: Thammasat Scholarships 2007-2009.

B.Econ. Economics, Kasetsart University, 2007.

Majors: Economic Theory.

Honours: Magna Cum Laude

Fields of Interest

Economic Growth Theory

Theoretical Analysis and Computations

Macroeconomic Development

Structural Transformation, Natural Resource Management and Environmental Macroeconomics

Mathematical Economics

Convex Optimization, Point-Set Topology, Dynamical System, Numerical Methods and Computational Economics

Academic Experience

Kasetsart University, Department of Economics

Lecturer, January 2012 – Present.

Research

Publications

- 1 Hongsilp Sriket & Richard M.H. Suen, *Sources of Economic Growth in Models with Non-Renewable Resources*, **Journal of Macroeconomics**, Volume 72, 2022, 103416, ISSN 0164-0704, DOI: <https://doi.org/10.1016/j.jmacro.2022.103416>.

Working Papers

- 2019/1: Sources of Economic Growth in Models with Non-Renewable Resources, with Richard M.H. Suen. (*published*)
- 2021/1: Structural Transformation of Thailand: The Role of Policy Distortion, with Navarat Temsumrit. (*published*)

Work in Progress

- 2022/1: Present Bias and Sustainability in a Model of Growth with Natural Resources.
- 2022/2: Aging Society and Premature Deindustrialization, joint with Navarat Temsumrit.

Teaching

Undergraduate Level

Quantitative Economics

- Mathematical Economics I (3 cr.).
- Mathematical Economics IV (3 cr.).
- Mathematical Programming for Economic Applications (1.5 cr.).
- Introduction to Computational Economics (1 cr.).
- Intermediate Computational Economics (4 cr.).

Theoretical Economics

- Economic Growth and Stability (1.5 cr.).

Natural Resource & Environmental Economics

- Environmental Economics (1.5 cr.).

Graduate Level

- A Workshop in Numerical Macroeconomics.

Conference Presentations

Natural Resource Substitution and Long-Run Economic Growth: the Role of Labour Allocation Effect

Internal PhD Conference, University of Leicester, June x, 2017.

Cross-Border Pollution: Growth and Structural Change Effects of Poor Countries

Internal PhD Conference, University of Leicester, June x, 2018.

Professional Activities

Member, Royal Economic Society, 2018–Present.

Conferences and workshops attended:

Royal Economic Society Annual Conference, Warwick University, June 24–25, 2019.

Referee for:

Miscellaneous

Computer Skills: L^AT_EX, R, Matlab, Mathematica, Python, Octave.
